[redacted] and had come to us asking how much space we would need in

light of the general program to move Government offices out of commercially leased space. We had checked with the regional office of GSA who indicated that the leases were being given up on [redacted] although during the refurbishing of the Old Federal Building and the other moves there may be some temporary occupancy by the Government of space in the [redacted] but that for the long pull the two Federal Buildings would provide more than enough space for Government offices in the area. This seemed to satisfy completely Miss Rathe's questions on the matter. This information was provided us by [redacted] Logistics.
